TITLE : METHOD FOR PROVIDING EDITION
COMMAND AND IMAGE EDITION
SYSTEM

ABSTRACT : PROBLEM TO BE SOLVED: To provide an edition command to a user for an image editor based on the features of a raster image to be edited or that of a part of the raster image.

SOLUTION: This method for providing an edition command based on features related to the edition of a raster image includes a step S100 of determining the features related to the edition of the raster image to be edited, a step S200 of discriminating the edition command corresponding to the edition related features and a step S300 of providing the edition command to a user for the image edition system.
